McVey Seminars Presents A "VIRTUAL" Seminar on Coding & Reimbursement Solutions

ICD-10-CM ■ CPT ■ HCPCS for Pulmonary & Critical Care - 2022

2 - three hour sessions of coding for physicians and staff given by:
Mr. Ray Cathey
Certified Physician Assistant & Administrator

Reimbursement Difficulties?

While costs go up and revenue is lower, it is tough! We can assist NOW!
Correct and accurate coding is the essential ingredient.
Complete & rightful reimbursement is possible!

◆
Tuesday, April 26 & Wednesday, April 27, 2022
9:00 am - 12:00 pm PT

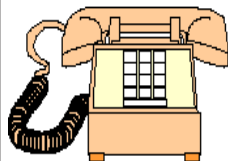

(10:00am to 1:00pm MT, 11:00 am to 2:00pm CT, 12:00pm to 3:00pm ET)

Special Section:

"ICD-10-CM 2022 is here. There are 205 new codes, 27 revised codes and 49 deletions. Significant guideline changes are also included. Medicare will now require your billing to provide more specific diagnosis codes than they have in past years. Does your provider's documentation support using more specific codes? Using "unspecified" diagnoses may trigger payment denials or audits."

How a Webinar Seminar Works:

1. Register by fax, mail or online. Cost is \$285 per one of the following options - landline, computer or Ipad.
2. The audio/video portion for this course can be heard via landline, mobile or web browser. Major browsers on windows, MAC OS X & Linux.
3. You'll receive Dial-in access, and materials a few days before the program.

Sponsored by:

36th Year

SEMINAR HIGHLIGHTS

Coding, Reimbursement & Compliance Issues

- * Significant changes are in store in the ICU. New guidelines, new split/shared visit rules WILL impact your Critical Care billing.
- * Guidelines for "shared" visits in the office - NOT your old "incident-to" rules.
- * We'll review how ICD-10-CM is impacting Pulmonary/Critical Care/Sleep payments
- * We'll discuss how your NPI Number & Taxonomy codes may impact reimbursement.
- * Beware of Templates and EMRs that encourage your practice to improperly code higher visit levels.
- * The OIG Work Plan continues to target Pulmonary services such as Home Sleep Studies and Polysomnography as well as Critical Care. Is your documentation ready for this scrutiny?
- * Proper use of "shared visits" with Advanced Practice Providers. Are you billing these correctly?
- * "Minor errors" can result in an \$80,000 Overpayment Demand - Learn How to Stop It!
- * 2022 update to the 2021 E/M documentation guidelines AND what's coming next?
- * Mastering CPT and HCPCS modifiers are essential for proper reimbursement.
- * What's happening with the Medicare "X" modifiers?.

Coding Techniques That Work!

- * Overcome challenges in billing "Full" PFTs, Six Minute walks and X-rays.

Coding Techniques That Work Cont.!

- * Clean claims...the Key to getting paid on the first try. Handling claims more than once costs the practice thousands of \$\$\$ in lost revenue and time.
- * Learn techniques to "paint" an accurate picture of medical necessity.
- * Pitfalls to avoid in coding Sleep Studies... the Do's and Don'ts. We have answers!
- * Documentation tips for Procedures... intubations, bronchoscopies, PICCs & Central lines, etc.

Advanced Coding Techniques For Pulmonary/Critical Care/Sleep

- * Progress Notes must show indications for diagnostic studies and procedures ordered. Will your notes survive a RAC audit?
- * Are your Coding Patterns drawing unwanted attention as an Outlier by the payers?
- * The latest on billing for interventional Pulmonary procedures such as Right Heart Caths, "Super-D/Nav" bronchs, thoracoscopies, Bronchial Thermo-plasty, Bronchial Valves, etc.
- * Getting paid for multiple bronchoscopies.
- * Reimbursement tips on Nebulizer treatments and MDI demos on the same day of a visit.
- * The opportunity of billing Smoking Cessation counseling.
- * What are the latest Sleep Study guidelines?

Implement Pulmonary/Critical Care/Sleep Specific Solutions

Learn How To

- * How should you code consultations & procedures on the same day.
- * How to report visits where we review biopsy or test results with patients.

About Your Seminar Leader . . .

Ray Cathey, PA, FAAPA, CCS-P, MHA, MHS, CHCC, has a unique background in support of medical practices. He has assisted thousands of Physicians and staff across the U.S. over the past thirty five years. The result has been appropriate payments of insurance claims that would have otherwise been underpaid. Having degrees in health care administration and health care sciences, as a former registered nurse, and as one of the early certifications in the Physician Assistant Program, you will find Ray's knowledge extensive. His training and consulting work is based on current work-place experience and success in recovering maximum, rightful reimbursements for medical practices in both the fee-for-service and managed care/capitation arenas, as well as the newer reimbursement models, such as ACOs and medical homes. No one has trained more medical offices in insurance reimbursement across the nation. We count Ray Cathey as one of the top medical insurance coding and practice management experts in the country. We invite you to discover why and register today.

Terry L. McVey, President

We will discuss the 2022 ICD-10-CM changes that impact your practice and potential CPT changes available as of the seminar dates.

Virtual conference form

ACT NOW!

Yes I'd like to participate in the virtual seminar on Coding for Pulmonary & Critical Care on **Tues., April 26 & Wed., April 27, 2022** from 9:00am to 12:00pm Pacific Time. **Fee for participating is \$285.00** and that includes an access phone number, and/or link to connect to for this program with the ability to ask questions of our expert. *One phone line, computer or iPad per registration.

Recordings

Can't participate?
 Send Live audio
 on DVD or USB
 of this program.
\$285.00.
\$384.00 for BOTH
 the live audio
 conference & the
 DVD or USB
 package.
