GI Coding Quarterly

Sponsored by

39th Year

Each quarter brings us changes in billing and reimbursement issues. We will ■ provide coding examples focused on these changes. Clinical examples will include GI specific procedures, visits, and/or ICD-10 case studies.

Current changes in policy will be the main concern, however each session will have the ability to address any of these issues listed below and any issue not listed which has affected your practice.

- Test your knowledge with a new coding challenge each quarter.
- Current Information on the E&M Changes by Payers.
- Bullet proof your documentation to support medical necessity.
- CCI policy as it is revised.
- Screening vs. surveillance colonoscopy policies and issues.
- Advanced endoscopy coding challenges.
- Evaluation and Management coding issues.
- ICD-10 problems and pitfalls.
- ASC coding and reimbursement challenges.
- Current CMS and commercial policy changes.
- Question and answer session with each workshop.

How a Webinar Seminar Works:
