C

orrect Reimbursements From Indemnity payers, Managed Care & Medicare

- E/M changes for office and other outpatient services went into effect on January 1, 2025. Are you sure that you are billing correctly and that your documentation supports the E/M code that you bill? Let us help!
- Should I use Total Time or Medical Decision Making to determine the office or other outpatient service E/M code that I should bill? We will help you make the best decision.
- Document and code for what you do. Charge and file claims according to your contracts. This principle for doing business with insurances is critical to survival.
- Modifiers, a key to opening the door to accurate reimbursement. Dealing with the latest definition of the -25 modifier could impact an increase or decrease in your revenue. It depends on your understanding and working within the new guidelines. We'll explore Podiatry's use of them all.
- What E & M service codes should be used instead of consult codes?
- Correlating your coding: New payment methods mean *making those diagnoses count!* Don't lose out on money that's rightfully yours. Good vs. bad diagnoses! Stay out of trouble with Medicare.

L

earn Coding Techniques That Work!

- Advanced information on the legislated Medicare billing changes and the CPT coding changes for year 2025. Who can sign for the patient?
- Using both Volumes I & II to code ICD-10 CM diagnoses correctly - Coding to the highest degree of specificity is required for accuracy & payment: How to avoid "Rule Outs" to improve reimbursement. Signs, symptoms and ill-defined conditions are the key to proper reimbursement. What impact on podiatry?
- Exercises in Coding: *Doing it right for Podiatry* by reviewing your codes and making them work.
- Guidelines for HCPCS Coding: We'll show you when to use each level: Use all of the coding "Extras": Modifiers and Podiatry's special needs.

T

he "Tid Bits" and Fighting Back

- *What triggers an audit on your claims?* Can you afford it? We'll provide a superb handout with Podiatry coding techniques to help. What's happening with RAC audits?
- Eliminate the fear of fighting Medicare. You can win an audit. Don't accept down-coding when it isn't right. Medicare appeals can be appealing!
- Getting paid on the first insurance form submission. Learn the basics of what works. It is different between private, government and managed care insurers. Be aware of computer audits on ICD-10 vs. CPT in Medicare's Correct Coding Policy. You'll learn how to cut down on payment turnaround time.
- Documentation guidelines are more critical than ever. The basis of a Compliance Plan. We'll update you.

Michael Warshaw, DPM

About your seminar leader:

Michael G. Warshaw, DPM, CPC, CPODCS, COCS, CSFAC, FACPM, is a practicing podiatrist and a certified coder with over 25 years of successful coding, management, and training experience for podiatric practices, and a Fellow of the American College of Foot & Ankle Orthopedics & Medicine. His national and local views come from active participation as a practicing podiatrist, having the distinction of being a certified podiatric coding specialist, and years of serving as a national lecturer concerning coding issues. Dr. Warshaw's experience is unique and comprehensive. He has the advantage of being an "Expert Witness" in all facets of the Medicare Appeals Process. This unique prospective provides attendees the opportunity of learning solutions to their insurance and coding problems from "real world" experience, both in Dr. Warshaw's instruction and the Q & A in this specialty only workshop. Dr. Warshaw is committed to assist podiatric practices in learning to code appropriately, obtain the proper reimbursement, and to avoid the wrath of the carriers by coding and subsequently billing in an appropriate fashion.

Special Section: If you are billing for E/M services in other places of service than office and outpatient, are you selecting the correct E/M code and does your documentation support the code that you bill?
